

A500S Plan

TDA's plan is a comprehensive Managed Care Group Dental Plan, which has contracted with established private practicing dentists to provide convenient and quality dental care. Dental coverage includes dental services and treatment for diagnostic, preventive, restorative, endodontics, periodontics, prosthodontics, oral surgery, TMJ, and orthodontics.

All enrolled family members receive their primary dental care from the same selected general dental office. TDA's managed care plans include general dentists as well as coverage with specialists at the same copay! True specialty care!

Members are able to receive quality dental care at reasonable and predictable fees with a strategy of early detection, prevention and health maintenance between patient and dentist, the A500S Plan is a cornerstone of true cost containment for the employee and the employer.
